How Bryan Maintains His Health.

Mr. Bryan goes at his work like a trained athlete. He keeps himself in condition by 4s-sidnous attention to the rules of hygiene and exercise. He lives simply. His car is stocked with an enormous outlay of underded hing and linen. When he makes a speech at a station comes into the car dripping with perspiration. He goes immediately to his stateroom where his secretary is waiting for him. Mr. Bryan is rubbed down patting on fresh underwear and linen. He then lies down and drops off to sleep like a baby. Before the next station is reached his secretary awakens him and he is ready for another spech. As a great majority of the people are not like Mr. Bryan a stimulant of some kind is necessary to protect the body from physical exhaustion, and the beverage that is the most highly recommended by prominent physicians is Heurich's Maerzen and Senate. Heurich's cannot be equaled as a tonic and it is invaluable to those who have overtaxed their systems and it nourishes and invigorates the mind and body. HYPOCRISY LAID

The Republican Pension Sham Exposed by an Official.

Assistant Chief Clerk Brooks, of the Bureau, Shows How Shallow Are the Utterances of the National Candidates in Regard to Veterans of War in Cuba and the Philippines.

An interview, which was published in the 'New Orleans Times-Democrat' of October 10, and which has gone unchallenged so far, will give the young man who, in his patriotic arder answered the call of President McKinley for volunteers to defend his country food for deep thought. Not only the voung man, but his father and mother, and indeed every American who loves his country and is ready to sacrifice his life for it, will ponder and finally recognize that all the fine words which have been said about the brave young men who died in the Spanish war or came home wounded, crippled, or dis-cased, were nothing but idle talk, scat-tered broadcast not as a genuine tribute to his patriotism and valor, and a recognition of his rights, but simply as a catchpenny, a snare to get his vote. But the cat is out of the bag now, and the re-sult will surely not fail. The following is a verbatim copy of the

story of Mr. Brooks, the trusted agent and mouthpiece of the "trade-mark" friend and champion of the soldier and pensioner, the present Republican Adminstration of Mark Hanna

Mr. Brooks' Interview.

Walter J. Brooks, Assistant Chief Clerk of the United States Pension Bureau, at Washington, was a guest of the Cosn politan Hotel yesterday. Mr. Brooks, his brother, Dr. F. V. Brooks, and Mr. T. R. Hennon, of Washington, spent the day in seeing the sights of New Orleans, and they seeing the sights of New Orleans, and they were loud in their praises last night of the hospitality of the people here. Mr. Brooks and his party left last night over the Southern Pacific Railroad for the City of Mexico. "'Do you think that two millions and a quarter dollars will cover the pensions annually for the Spanish war?" Mr. Brooks holds an important position in the Bureau, and may be considered as speaking officially or semiconsidered as speaking officially of semi-officially; and even he is disgusted with the greed of some of the ex-soldiers— they have what he is pleased to call the 'pension fever,' and he rightly describes it as a bad complaint. There can be no question that the rejections are right and proper enough; it is the hypocrsy of the Republican leaders in dealing with the matter that must cause general disgust.

"The attitude of the bureau—and of the

Administration—toward the Spanish war veterans is evidenced by Mr. Brooks' in-terview. Roosevelt is campaigning through the country vaunting the prowess and patriotism of the American soldiers in the Spanish war, but the Republicar Pension Bureau handles these veterans in a rough and thoroughly uncomplimenta ry manner. There are 30,000 applicant for pensions from the soldiers of the Spanish war, Mr. Brooks informs us, and of the District of Columbia regiment 50 per cent of the men have filed applications for pensions, in spite of the fact that not one of these men, as far as he knows, was wounded. Our experience shows,' says Mr. Brooks, 'that lots of the men who have applied for pensions are young men who have nothing the matter with them and so not need pensions badly. Of course they will get pensions from the day their applications are filed, but we are in no hurry to grant them. It is the feeling of the Pension Bureau that it is not a good thing for the young men to draw pensions. It makes them lazy, and is not

Holding Back Pensions.

"Could there be greater condemnation of the whole pension system as administered by the Republican party than this declaration of a pension official that the bureau is holding back pensions from men who are likely to get them as long as possible because these pensions make lazy and immoral?
"Mr. Brooks can give little information as to the probable cost of the Philippins war in the matter of pensions—the bu-

war in the matter of pensions—the bureau has not got down to them yet, and is still busily engaged in trying to fight off the pensions of the Spanish war; but judging by the figures of that war, we are likely to be shouldered because of the Philippines for a generation to come with a burden of something between \$5,000,000 and \$10,000,000, a burden, however, that will grow steadily larger with time, and the expenditure of this money, Mr. Brooks thinks, will tend to make the pensioners lazy and immoral.

TO RECEIVE MR. BRYAN

Preparations for the Great Meeting

nt Baltimore on Tuesday.

BALTIMORE, Oct. 20.—A special meeting of the ward executives of the city has been called by Secretary William F. Porter, of the Committee of Seven, to meet tonight at Democratic headquarters, where plans for the reception to Mr. Bryan will be made. Chairman Vandiver has completed the details of Mr. Bryan's State tour, and yesterday was busy making up the party which will be invited to accompany the candidate on the Western Maryland and Eastern Shore trips. A sufficient number of policemen will be taken on both trips to prevent the crowds from pressing too closely around Mr. Bryan.
Mr. Porter received word yesterday
from Washington that four Democratic

clubs of that city intended to come over to Baltimore Tuesday afternoon to escort Mr. Bryan from the station to the hotel. This announcement will be presented to the ward executive tonight, and arrangements for a big parade will be

mapped out.

The proposed plan is to have two menfrom each city precinct, making 616 men, the delegation from each ward being headed by its ward executive. They will form at 4:45 p. m. Tuesday afternoon on Mount Royal Avenue, east of Charles Street, and march to Union Station to meet the special train beging Mr. Bryan meet the special train bearing Mr. Bryan, which is scheduled to arrive from West-minster at 5:17 o'clock. Sheriff John B. Schwatka will be marshal of the procession, which will be headed by the full Fifth Regiment Band. Mr. Bryan will ride in a carriage with Chairman Vandi-ver to the hotel. The route will be from Union Station down Charles Street to Mount Royal Avenue; out of Mount Royal Avenue to Cathedral Street and straight

a carriage for Music Hall, driving out cathedral Street to Mount Royal Avenue and direct to the hall. Policemen will be stationed about the hotel and along the route to prevent any rush upon the part of the crowd. The police arrangements, in fact, are complete, all the men in C
Division, about 110 in all, being detailed
for the special service. "The greatest
precaution will be taken to preserve order and protect the crowds of people,"
said one of the commissioners yesterday. "Anyone caught creating disorder in any

way will be promptly arrested regardless of political or any other feeling." After speaking inside the hall Mr. Bry-an will speak to the crowd outside at a stand erected just above the Baltimore and Ohio station, and will then go to the and Ohio station, and will then go to the other stand, erected a square away, on Mount Royal Avenue, below Maryland Avenue, where he will make his third speech. He will then be taken with Chair-man Vandiver to Pier No. 4, Light Street wharf, where the party will go aboard the Cambridge, which leaves for Claiborne at 11:30 o'clock

Arrangements for a stereopticon display entertain the outside crowd at Music Hall have been made. Pictures of Bryan, Stevenson, Croker, Hill, Gorman, and othwill be shown. While Mr. Bryan is speaking inside the hall a concert will be

A CONVERT TO DEMOCRACY Another Prominent Republican Re-

According to information received at the Democratic Congressional headquarters. Cyrus D. Royse, of Elkhart, Ind., has announced himself as in favor of Bryan's election. Mr. Royse is a Republican of considerable prominence in Indiana. He was at one time a resident of Chicago and was President of the Union League Club. the great Republican social organization of Chicago. In 1898 Mr. Royse was a candidate for the nomination for Congress before the Republican convention and was supported through forty-two ballots. when, declining to become party to some political jobbery, he withdrew and another man was nominated. Mr. Rovse served in the Michigan Light Artillery, Battery L, in the civil war, and has been general attorney for the Lake Shore and Michigan Southern Railroad in addition to holding other important positions. He stumped his district for McKinley in 1896.

In a recent letter written by Mr. Royse he gives some of the powerful reasons which caused him to desert a political faith to which he had adhered for nearly forty years, and he states his views clearly and succinctly. He says: "I still hold these truths to be self-evident: That all men are created equal; that they are endowed by their Creator with certain indowed by their Creator with certain in-alienable rights; that among these are life, liberty, and pursuit of happiness.' If this declaration expresses a principle, then it applies to the Filipinos equally with ourselves and equally entitles them to life, liberty, and the pursuit of happiness, and yet we have sent 65,000 soldiers to destroy those rights which for

tury and a quarter we have declared to be inherent and inalienable.

"President McKinley," he continues, "Is entering upon that course of empire that always has and always will lead to national dishonor and death, just at a time when England's imperial head is yielding under the accumulating weight of her world-wide conquests. Natural and inherent rights cannot be conquered. They may be suppressed for a time, but woe to a nation which finds giory in "forcible acquisition." But there is still another reason, personal to ourselves as a nation. Moral forces cannot and will not abide with conquest. "I desire to state that as I am here to ask you to vote for Mr. Bryan, you are en-titled to know the reasons why I intend to support him. The Republican party has en endeavoring in this section of the country, at least, to raise a great scare on the question of free silver. That this is and can be but a scare used for campaign purposes, I am firmly convinced, and am willing to take the words of Mr. McKinley's Secretary of the Treasury, Mr. Gage, who has repeatedly said that the gold standard basis by the act of March 14, 1900, is firmly fixed, and cannot be disturbed by Mr. Bryan. If there could be any possibility that this act could be overthrown by Mr. Bryan if elected President, and if the Republicans are sincere in their desire to place this country upon a firm money basis, they have the power at the coming session of Congress to re-enforce this act. whether Mr. McKinley or Mr. Bryan be successful in the election. Their leaders have said, and their platform declares, that they propose to pass at the coming session of Congress a bill commonly known as the Ship Subsidy bill. The Republicans and all men in this country whether Republicans or not, have said and argued that free silver is not honest. Can the Republican party contend that this bill, which is intended to take the money raised by taxation among the people of the United States from out of the public treasury and present it as a gift to a favored few, is honest or right?
